Experience

OGP

Walmart

Nov 2020 - Aug 2021 (10 months)

I worked at the American Fork, UT Walmart in the Online Grocery Pickup department. When someone orders online, I was with the group of people that takes the groceries outside and puts the groceries in their car. I always worked hard, and made sure that I was always on task.

Sandwich Maker

Jun 2019 - Nov 2019 (6 months)

I was a Sandwich Artist at Subway. I am almost always a bit early for work, and I often stay afterwards to finish up whatever needs to be done.

Assistant

Education

Mar 2018 - May 2019 (1 year 3 months)

Bob Richards is an older gentleman in my neighborhood who needed help with yard work, and building his shed from scratch. I went there for over a year, helping him with anything that he needed help with.

Education

Mountainland Technical College

Graduate, Web Page, Digital/Multimedia and Information Resources Design

2020 - 2021

I'm also currently a student at MTECH. I'm in the Web Development class, where I spend three hours every morning before I go to Lehi. I love it in class, and I'm always learning so much.

Through MTECH, I have become proficient in HTML, Angular, React, and others. I also am proficient in Javascript, which I've learned in this class and at Lehi.

Lehi High School

Graduate, General Studies

2017 - 2021

I am currently a student at Lehi High School. I have taken coding classes there since my first year, and I've always received an "A" because of my hard work. I have taken several concurrent enrollment classes, mainly in Coding, Chemistry, and French.

Honors & Awards

Eagle Scout - Randall Stephenson

Jul 2017

I got my Eagle Scout! It was a lot of hard work, but it was a joy to work on. For my project, I made 2 LEGO tables for Thunder Ridge Elementary, so kids with special needs could play with LEGOs. It was a really cool experience to give those to the kids, everyone seemed so thrilled to have them.
